

# Simpl-Seal® B-Series

## UV Package Sealing Systems

*The new standard in clamshell sealing equipment.*

Environmentally friendly and fiscally sound clamshell sealing system that uses Partner Pak's patented UV light sealing method. Simpl-Seal® saves up to 90% in energy consumption compared to RF, sonic and heat sealing equipment.

The B-Series features a bottom-focused UV light source. It is available in a variety of configurations; all adaptable to operate in conjunction with the Simpl-Track® Workstation.

Standard UV chamber opening has a height of 5-inches. Larger custom opening sizes are available.

Larger custom conveyor belt widths of up to 30" are also available. Call for pricing on custom models.

Normal delivery time on all units is 6 to 8 weeks, FOB Huntington Beach, CA.

Simpl-Seal®  
Model 10B

### STANDARD SPECIFICATIONS:

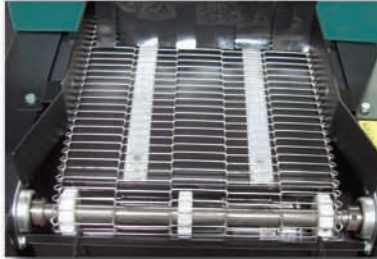

#### **Model 10B - List Price: \$11,790**

- 13-inch Feed-in conveyor (A)
- 34-inch UV curing chamber (B)
- 13-inch Run-out conveyor (C)
- One 10-inch 200 watt UV lamp
- 12-inch wide stainless steel conveyor belt (D)
- 5-foot overall length (E)
- 22-inch overall width (F)
- Heavy duty exhaust blower
- Electrical: 230 VAC, 1 Ph, 15 Amps
- Bottom focused air-cooled lamp assembly

#### **Model 15B - List Price: \$17,790**

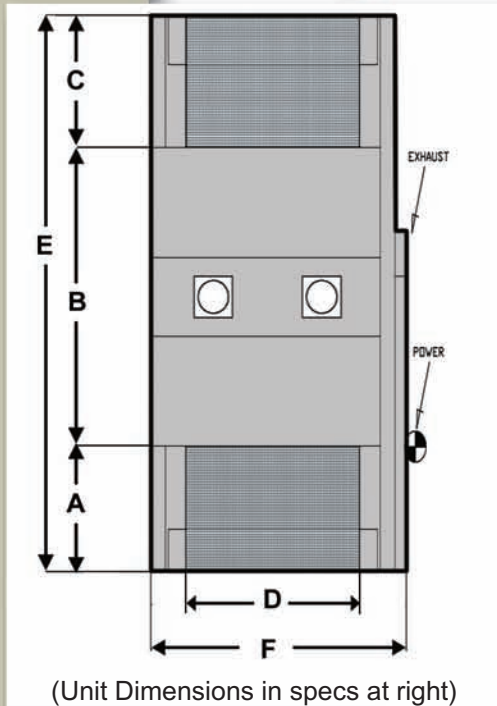

- 13-inch Feed-in conveyor (A)
- 34-inch UV curing chamber (B)
- 13-inch Run-out conveyor (C)
- One 15-inch 200/300 watt UV lamp
- 17-inch wide stainless steel conveyor belt (D)
- 5-foot overall length (E)
- 26-inch overall width (F)
- Heavy duty exhaust blower
- Electrical: 230 VAC, 1 Ph, 35 Amps
- Bottom focused air-cooled lamp assembly
- Conveyor belt speed indicator

### Stainless steel conveyor belt

### Features:

- Access Panel Interlock
- Conveyor Interlock
- Emergency Off Conveyor Switch
- UV Lamp Blockage Curtains
- Lamp Change Indicator
- Lamp Life Maintenance Hour Meter
- Stainless Steel Conveyor Belt Never Needs Replacing
- UV Lamp Never Requires Adjustment Always 2.5" Under Belt
- Steel Conveyor Belt Permits Clip-on Fixtures When Needed

Simpl-Seal® is protected by U.S. Patent Nos.: 5,259,169 and 6,601,342. Other patents pending.
